

Interview with President Makoto Kohno published in Newsweek

We are pleased to announce that an interview with KITZ President and CEO Makoto Kohno was featured in the International edition (September 30, 2022) of Newsweek, a global business magazine.

KITZ's strengths, medium and long-term growth strategies, and efforts to achieve a sustainable future are discussed in the feature article on "Monozukuri - Manufacturing in Japan".

The article also appeared on the website "The Worldfolio", a British news agency in partnership with Newsweek.
